MIDSOLE: REMOVABLE INSOLE

INSOLE: SUEDE LEATHER

HIGH HEEL LAST MEASURE: 5 MM

OUTSOLE DROP MEASURE: 10 MM

UPPER: PEARLED LEATHER & STRETCH MICROFIBER

LINING: ASSEMBLED FOAM TEXTILE

LACING SYSTEM: DOUBLE ADJUSTABLE VELCRO

AVERAGE SHOE WEIGHT SIZE 37: GR. 200

SIZE - FITTING: 37 - FIT 13.5/14 ADJUSTABLE

PRODUCT CLEANING

The cleaning of the product must be carried out using:

- For the upper in fabric, use a cloth slightly dampened with water and neutral soap, rub gently and dry.
- For leathers: special creams (moisturizing-polishing) specific for the type of leather to be treated and compliant and approved by the CEE, coated and subsequently polished with a clean, soft and non-abrasive dry cloth.
- For suede or similar: use only brushes or soft cloths and only with dry leather to remove any stains (mud or similar).
- Make sure to perform a regular hydration of the leather by applying special creams, especially in case of particularly soft leathers such as nappa, deer etc.
- Do not use alcoholic and corrosive liquids, detergents, alcohol, laundry detergents, bleach, ammonia and solvents.
- Do not use abrasive materials and/or products brushes, steel wool, glass paper, blades or similar, to remove stains or residues.
- The footwear **MUST NOT** be machine washed or washed by being immersed in or put under water.
- To clean the lower lateral surface of the sole use soft sponges dampened in warm water not exceeding 30°C, and neutral soap.
- Do not dry wet or soaked products in front of heat sources. This may irreparably damage the footwear and the warranty will be void. If the product gets accidentally wet, let it dry away from heat sources and in a dry environment.

Optima Molliter Srl shall NOT be held liable for damages caused by abrasive products, by products which attack the materials, by direct exposure to heat sources and by improper use/maintenance.

Class I medical device according to Regulation (EU) 2017/745
